

A comic book cover with a purple background. A large, bold, black-outlined rectangle is centered on the page. Inside this rectangle, the word "MIKE" is written in large, black, sans-serif capital letters. Behind the letters, a cartoon character with a wide, toothy grin and wearing sunglasses is visible. A hand is shown at the top, holding the character's head. To the right of the character's face, a red circle contains the price "\$1.50". At the bottom right, the text "Created by Lee Fung" is written in a cursive script.

"I am the captain! I AM THE CAPTAIN!!!"

"All I wanted was some peace and god damn quiet-- Hey! Get off me!"

Mike was on a real bad one. It had been a long week and he was hurting. And then he thought it couldn't hurt any worse.

Manny found the rum.
Mike said, "King me."

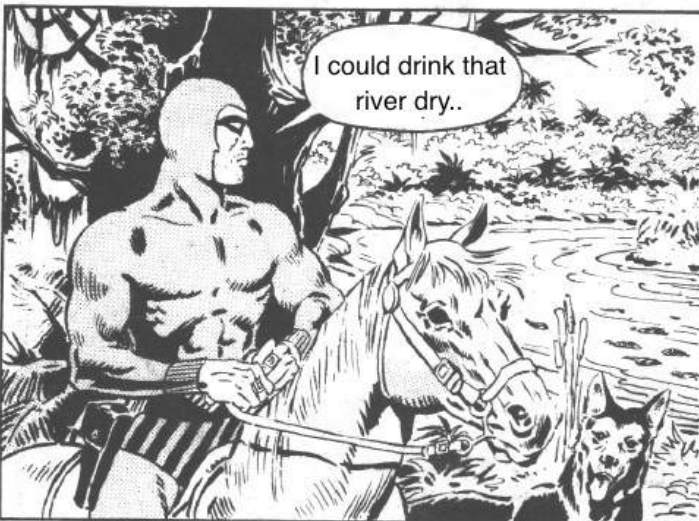

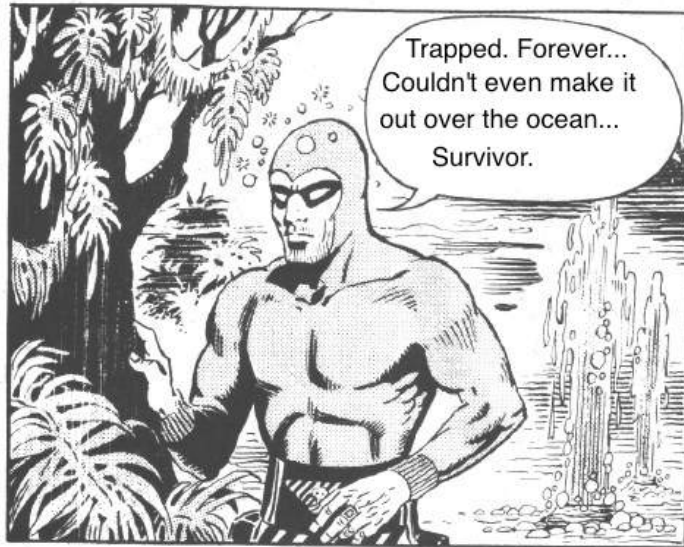

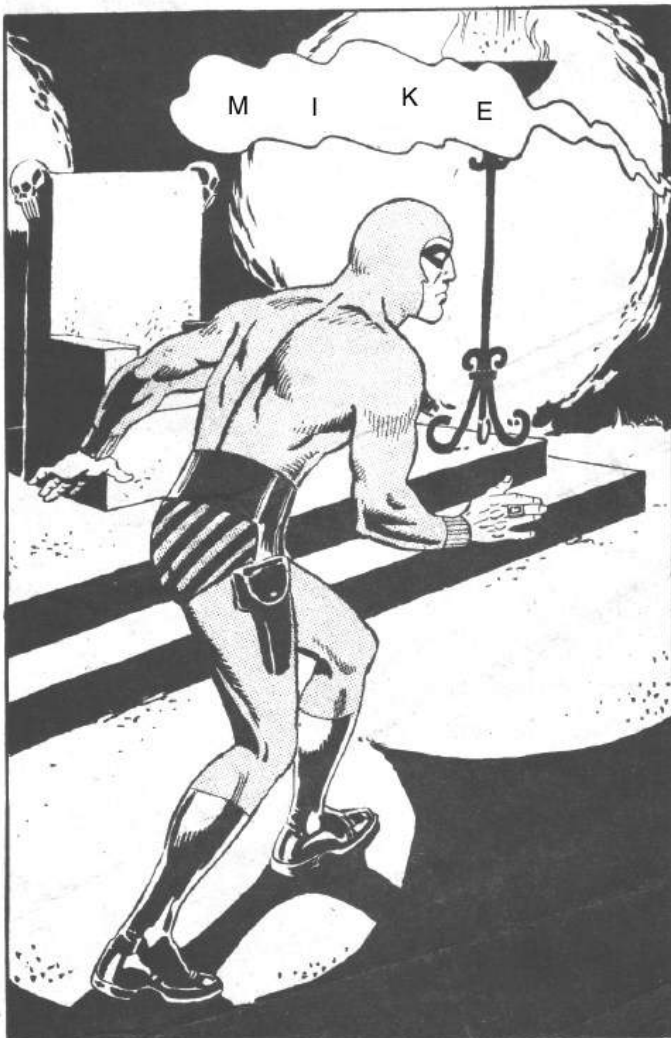

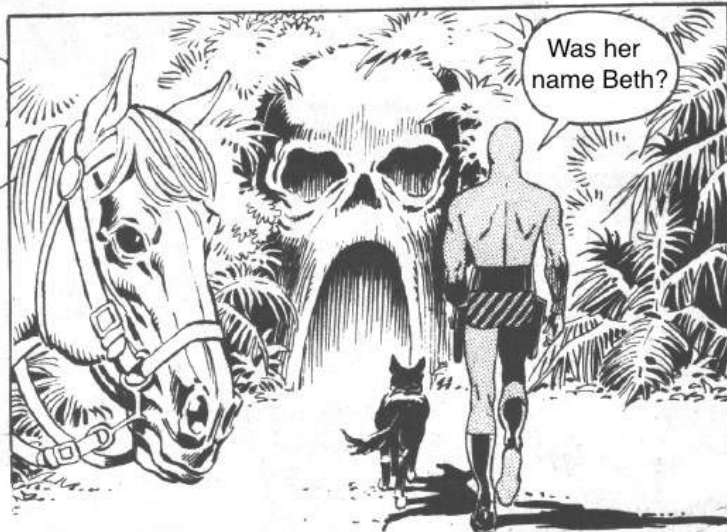

Like a vice...

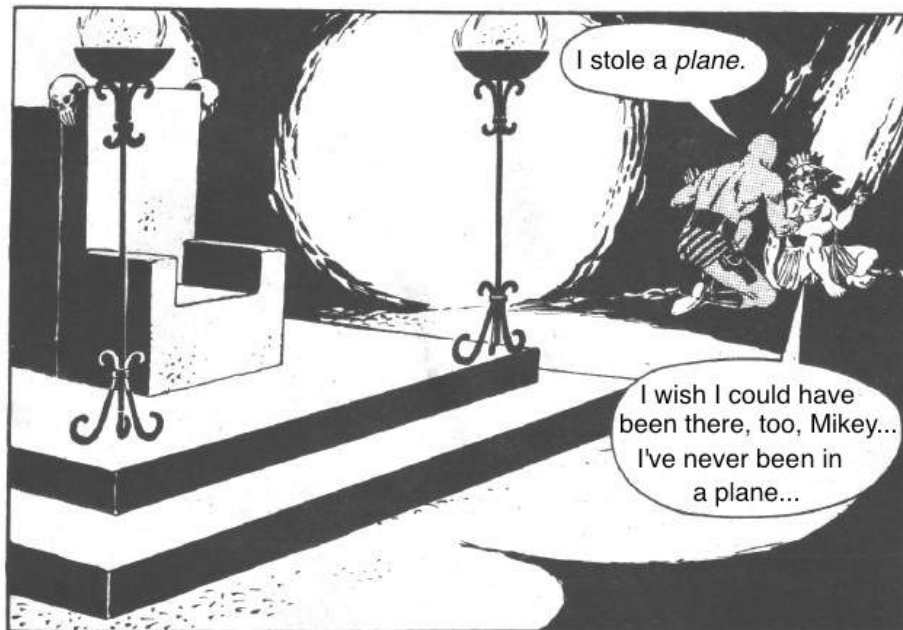

I wonder if that drinks cart is easy to get at... Ughh.

--Wait. I'm...
I crashed back in the jungle!?

I stole a *plane*.

I wish I could have
been there, too, Mikey...
I've never been in
a plane...

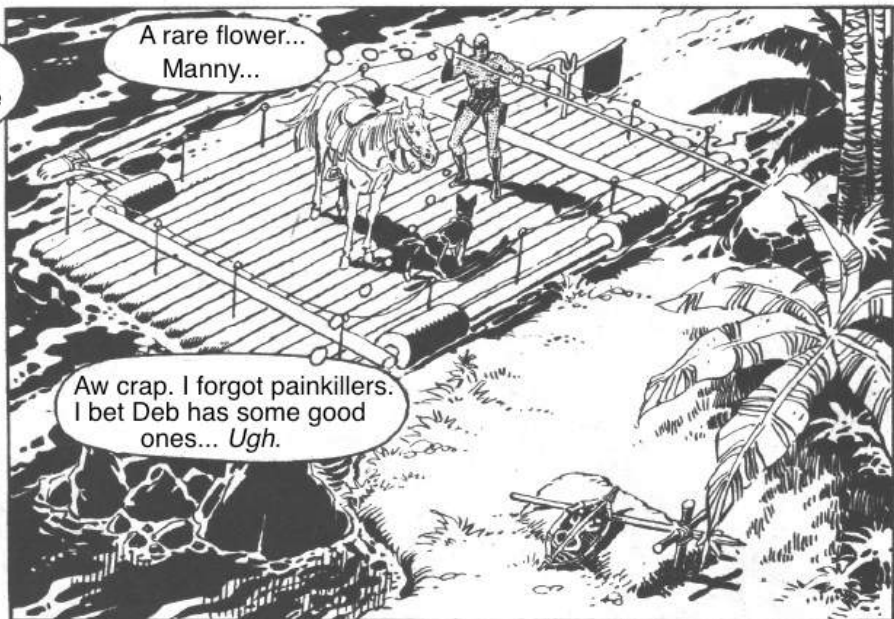

Mikey, she said she
wanted me to give her
a litter... A pig for each
of your whores.

I said, "I will not
give you any of my pig-
lets. Look what you have
done to my Mikey."

Cheers.

A rare flower...
Manny...

Aw crap. I forgot painkillers.
I bet Deb has some good
ones... Ugh.

I am a
decent man.

A little while later.

"Mikeys" ...
I'm gonna miss
you, Manny...

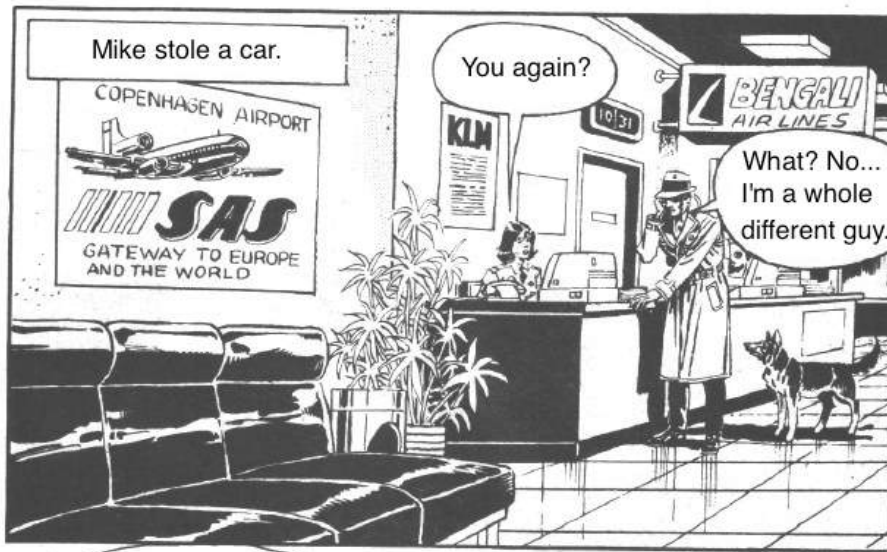

Good idea...

Hey, lady. You still up?
Did you say there was
food in the back?

Mike stole a car.

You again?

What? No...
I'm a whole
different guy.

She tried to force
Manny again! What don't
you understand about
"nothing left"?

Sir, I
don't think Dr.
Wang is your
real name...

Of course it isn't!
My son made that for me!
Now... When. Is. The.
Next. Flight.

Sir, a lot of people
died on the last
one.

I can't help you.
I can't. One more strike
and I'm fired.

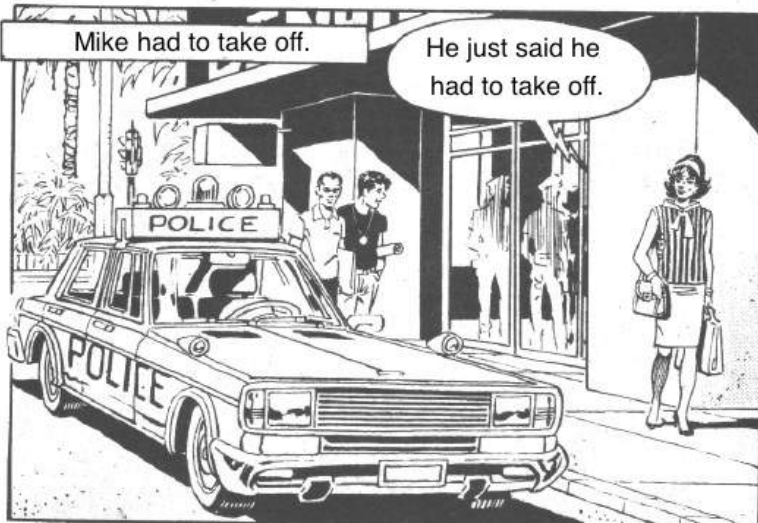

He needs more lessons.

Just call the cops
already. Hey! You're
going to jail, man.

I AM A
DECENT MAN!

Mike had to take off.

He just said he
had to take off.

Sounds like
a cool guy.

It's coming down fast, Jen. We need an out.

I could always go on a rampage...

I am a decent man.

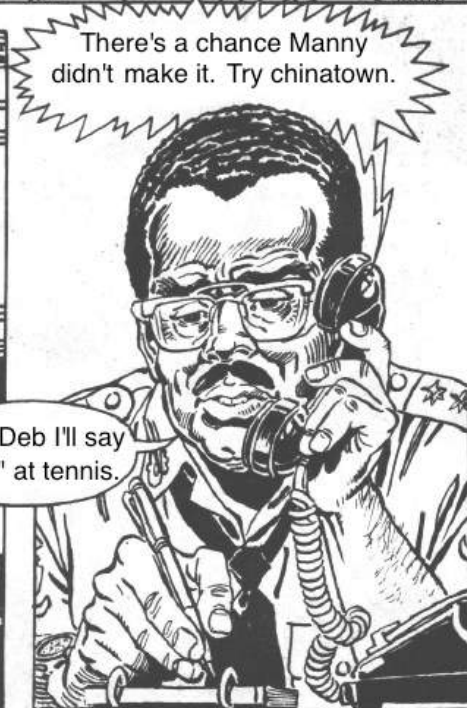

Let's take a nap.

Deb took things up a notch.

Arnold? It's Tom. Deb's here. Mike's off the rails. It's planes this time.

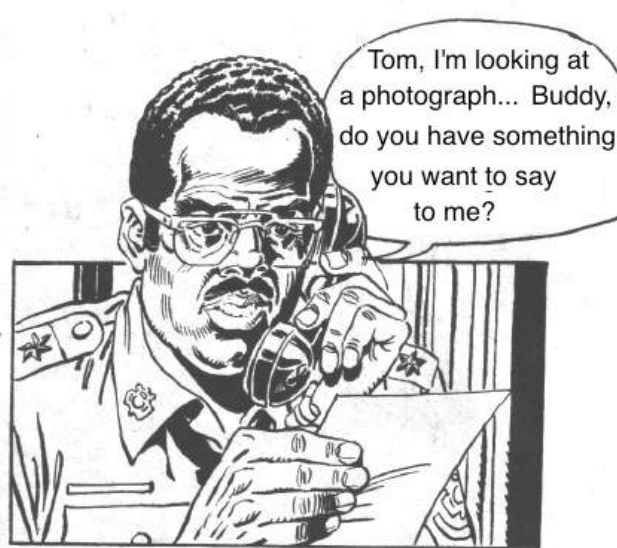

There's a chance Manny didn't make it. Try chinatown.

Tell Deb I'll say "hey" at tennis.

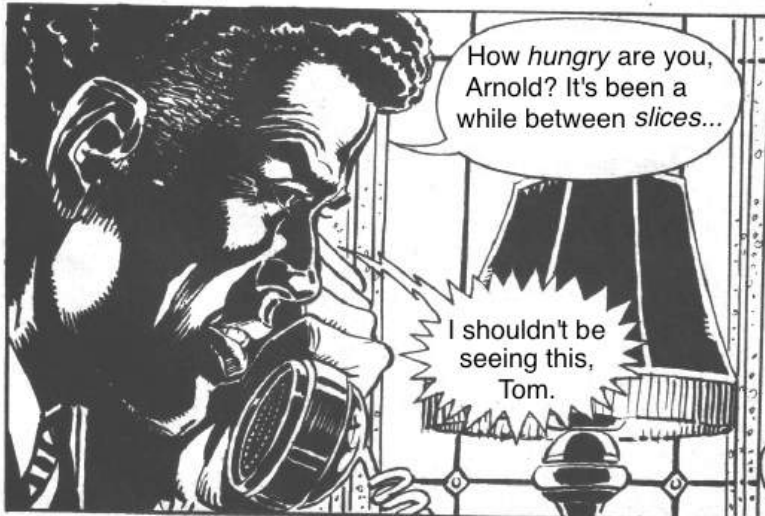

Deb's saying they got into the rum. If you nab Mike before Friday, I'll take you for pizza.

Oh yeah? Sure. I could do that.

Tom, I'm looking at a photograph... Buddy, do you have something you want to say to me?

How hungry are you, Arnold? It's been a while between slices...

I shouldn't be seeing this, Tom.

That's it! No more take-away. No more cheesy beans for breakfast. No more chips...

Tom, I--

Is that alright? What about Mike?

I don't care. I just lost my best friend. Get out.

So what did you get up to last night?

I just stayed home.

Mike took a few days.
